

EVALUATION OF PERFORMANCE RATES OF THE ACCOUNTABILITY AND QUALITY IMPROVEMENT MEASURES

REVIEW OF CANCER PROGRAM PRACTICE PROFILE
REPORTS (CP³R)

Presented by Dr. Rooney CLP

BREAST MEASURES

Measure	CoC Standard's EPR	Program's EPR	Program's EPR 95% CI	Compliant
BCSRT	90%	100	(100 – 100)	Yes
HT	90%	100	(100 – 100)	Yes
MASTRT	90%	100	(100 – 100)	Yes
nBx	80%	94	(88.3 – 99.7)	Yes
BCS	Not Applicable	41.5	(26.4 – 56.6)	
MAC	Not Applicable	90	(71.4 – 100)	

*A program is compliant if the performance rate for a particular measure is above the set rate or the upper limit of the CI is above the set rate.

COLON MEASURES

Measure	CoC Standard's EPR	Program's EPR	Program's EPR 95% CI	Compliant
12RLN	85%	100	(100 – 100)	Yes
ACT	Not Applicable	100	(100 – 100)	

*A program is compliant if the performance rate for a particular measure is above the set rate or the upper limit of the CI is above the set rate.

LUNG MEASURES

Measure	CoC Standard's EPR	Program's EPR	Program's EPR 95% CI	Compliant
LCT	85%	100	(100 – 100)	Yes
LNoSurg	85%	100	(100 – 100)	Yes
10RLN	Not Applicable	No data	No data	

*A program is compliant if the performance rate for a particular measure is above the set rate or the upper limit of the CI is above the set rate.

RECTUM MEASURES

Measure	CoC Standard's EPR	Program's EPR	Program's EPR 95% CI	Compliant
RECRTCT	85%	100	(100 – 100)	Yes

*A program is compliant if the performance rate for a particular measure is above the set rate or the upper limit of the CI is above the set rate.

STANDARD 4.4 CLP REPORT

- **Reporting tool: CP³R**
- **Topic of Study: Review of accountability and quality improvement measures for Breast and Colon**
- **Purpose of Study: To evaluate compliance with required performance rates.**
- **Data: CP³R Table**
- **Analysis: The accountability and quality improvement measures for Breast and Colon are compliant with the CoC estimated performance rate standard.**
- **Recommendation: No action is required. The performance rates will continue to be monitored.**
